CITY OF TUSCOLA

A tremendous year of building projects for the City of Tuscola are shown here. The Fire Department Annex, Street Shed addition with firing range and a new downtown park were all added in FY 24.

The cover picture for this year's budget features new building construction and additions completed by the City during FY 2024. Those improvements include the construction of a fire station annex, an addition to the Dr. Robert R Smith Maintenance facility, and the construction of a state-of-the-art shooting range for police use. Additionally, the downtown alley project from the prior year was capped off with the completion of the new park next to the community building. All of these projects were completed within the City's general funds and with a \$100,000 grant from the Illinois Department of Commerce and Economic Opportunity. No funds were borrowed or bonds issued to pay for the improvements.
