*I hereby acknowledge and agree to the City of Tuscola dish installation requirements as follows:*

That satellite and data dishes, i. e., video antennas including direct-to-home satellite dishes that are less than one meter (39.37") in diameter, TV antennas, and wireless cable antennas:

1. Are allowed anywhere on the property, including on existing structures, as long as it meets the accessory structure setbacks for the front, rear, and side yards.
  - A. Front yard – 25' from the property line (18' 9" if property recorded before 1954).
  - B. Rear yard – 10' from the property line
  - C. Side yards – 6' from the property line

*All setbacks are measured from the property line. On a corner lot, the yards facing streets require a front yard setback, and the other two require a side yard setback.*

2. Installations will meet the requirements of the current adopted (by the City of Tuscola) version of the National Electric Code and International Building and Fire Code.
